Celebrate
THE CITY

Explore. Share. Enjoy. UNWIND.

NYX Hotels are unique. They're the vibrancy of the city, amplified. And a destination of relaxed luxury. More than a place to stay, they're a place to be.

Our curated rooms and spaces are perfect for working, networking, socialising and unwinding.

And when day turns to night, there's a shift in atmosphere as we turn things up and invite the city to come celebrate.

Our Neighbourhood. **OUR CITY.**

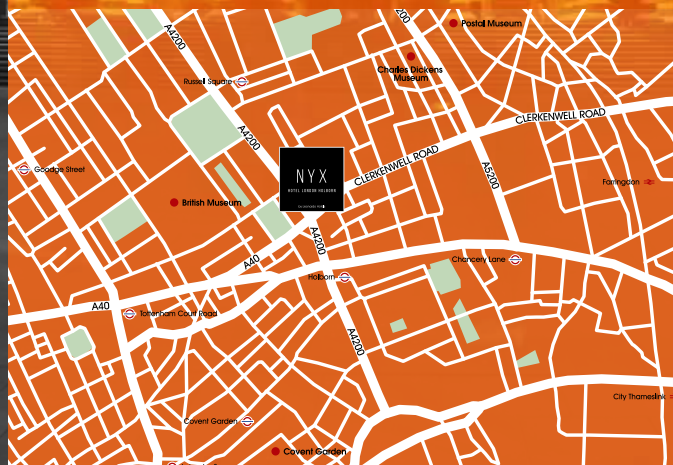

Located on the corner of Southampton Row and Theobald's Road, NYX Holborn is part of London's vibrant Midtown scene, a hive of independent shops, bars, and bijoux restaurants.

And with Covent Garden, Oxford Street, Bloomsbury, and Farringdon just around the corner, we're perfectly poised to deliver both the intimacy of a neighbourhood and the roar of the city.

For those looking to explore further, Holborn underground station is less than 5 minutes' walk from the hotel and Russell Square underground station is also within walking distance.

Mainline train stations;

King's Cross, Euston and St. Pancras International rail stations are also easily accessible; providing access to the rest of London and beyond.
